

SENATE VOTES FOR FINANCE EXPERT

House Takes From Calendar Resolutions for Appointment of Judges and Elects Them.

Hartford, Feb. 18.—The senate today, after an exhaustive debate, passed the bill authorizing the employment of a finance expert. The house took from the calendar a number of resolutions for appointment of judges, and they were all elected.

IN THE SENATE.

Substitute Bill Regarding the Discharge of Insane Persons.

Hartford, Feb. 18.—In the senate today the committee on humane institutions reported a substitute bill relating to the discharge of inmates in the Connecticut hospital for the insane. It provides that when the hospital authorities are satisfied that an inmate committed by order of a probate court is not insane or a proper subject to be confined in the hospital, they may bring a petition to the superior court, and the court, after a hearing, may order the inmate to be discharged or direct such other disposition of him as it may deem advisable.

Taxation Expert.

Senator Wadhams called from the table the resolution for the employment of an expert on taxation to assist the finance committee. He said the matter had been considered by the committee and it was unanimously decided to report the passage of the resolution. Senator Purcell said he had tried in vain to ascertain why Tax Commissioner Corbin was set aside. He could not see the need of an expert. The tax commissioner was perfectly competent to advise the committee. Why not allow the tax commissioner to join with the committee in the appointment of an expert? Who was better able to advise on the appointment of an expert on taxes than the tax commissioner, who was an expert himself? If they took an expert from outside the state they would have to advise him as to the conditions of Connecticut before he could advise the committee on taxation. The resolution was a bad one.

Vote 8 to 26.

After a prolonged debate, an aye and nay vote was taken on the amendment of Senator Purcell that the name of the tax commissioner Corbin be added to the resolution. It was defeated by a vote of 8 to 26. The absent senator was Senator O'Connell of the Twenty-second district. The aye and nay vote was as follows:

Yea—Senators Cheney, Molloy, Purcell, King, Whitney, Grady, Bree, Hurler.

Nay—Senators Pierson, Klett, Alcorn, Tittle, Heineman, Evaris, Pearson, Tyler, Whitton, Barnes, Hewitt, Bennett, Conroy, Jr., Bissell, Salmon, Fisher, Mead, Tatem, Thompson, Williams, Alvord, Magee, Lyman, Lewis, Talbot.

Calendar.

Passed—Resolutions appointing the following local judges were passed: Frank H. Frost, deputy judge, Naugatuck; C. F. Hangerford of Naugatuck; Frank S. Fay, judge, West Haven; Deputy judge, Meriden; Milton C. Johnson of Ansonia; James R. Mead of Greenwich; and Norman S. Buckingham, deputy judge of Milford.

Reports of Committees.

The committee on fisheries and game reported favorably on substitute bill prohibiting the taking of perch less than six inches in length in Tyler and Dog ponds in Goshen. Calendar. Unfavorable on bill relating to fishing in

FOR EVERY SUFFERER FROM CONSTIPATION

Rheumasalts Insures Quick and Safe Relief

The safest, most pleasant and quickest way to relieve constipation and all the misery and ill that go with it, is to dissolve a little Rheumasalts in water and drink it while it is effervescing. Rheumasalts is a scientifically blended and chemically pure carbonated lithia drink that cleans out the stomach and intestines, eliminates toxins and poisons and leaves the intestinal canal clean and sweet.

If you are bothered with constipation, headache, swollen skin, coated tongue, bad breath, indigestion, biliousness, neuralgia or rheumatism, then you need Rheumasalts. Fine for both adults and infants. It is a uric acid solvent as well as a saline laxative. Instead of "doping" yourself with drug-forming, heart-depressing "laxative" pills and tablets, take Rheumasalts. It is delicious to the taste and acts quickly without griping or nausea. Rheumasalts is as pure as the natural lithia salts from the Mineral Springs.

The next time you need a laxative, ask your druggist for about five ounces of Rheumasalts. If he hasn't the original Rheumasalts, write to the Rheumasalts Company, Minneapolis, Minn., who will be glad to see that you are supplied.

Fish and Game Laws Are Left Undisturbed.

(Special to The Bulletin.)
Hartford, Feb. 18.—Republican Leader Hyde of Manchester, presided at Thursday's session and the report of Chairman Dunlap offered prayer referring to the centennial of the treaty of Ghent. Then followed reports of committees starting with a report on favorable reports of the committee on fish and game, which leaves the original laws undisturbed. The committee on cities and health reported favorably on the act concerning fire districts which were tabled for calendar. The finance committee reported unfavorably on a bill for the payment of finance in the town of Milford.

Unfavorable Reports.

The committee on fish and game made unfavorable reports on the bills restoring fishing in Amos lake, on taking of small trout on the sale of pickled and perch, and close of season for black bass and the taking of pickled.

The house concurred with the senate in the rejection of the resolutions appointing H. T. King, judge of the city and police court of Meriden; Thomas S. Amson, of the court of Ansonia.

Courtesy For Ladies.

Mr. Martin of Orange presented resolution asking for the use of the hall of the house March 2 and 3 for the coming of the ladies. The bill concerning the limitation of liquor licenses and fees, Mr. Shaw of Redding announced that he was about to ask for the use of the hall of the house on March 2 and 3 for a hearing on the committee on constitutional amendment concerning woman suffrage and hoped satisfactory arrangements could be made to that effect. Mr. Martin said he would withdraw his resolution for the present in court.

The bill of the house in order concerning the limitation of liquor licenses and fees, Mr. Shaw of Redding announced that he was about to ask for the use of the hall of the house on March 2 and 3 for a hearing on the committee on constitutional amendment concerning woman suffrage and hoped satisfactory arrangements could be made to that effect. Mr. Martin said he would withdraw his resolution for the present in court.

Civil Service Amendment.

Mr. Hughes of Farmington, offered an amendment to the civil service bill, which was read and ordered printed in the journal. The amendment is essentially the same as was offered by Senator Purcell as a substitute and which was rejected from the calendar. The original bill and was voted down. In addition some details of the bill are included in Mr. Hughes' amendment.

Funny Mr. Morris.

Mr. Morris, of Litchfield, who has supplemented Mr. Kingsberger of Morris of 1912, as the house leader for 1915, was in the mood for a good laugh at the court on Thursday. He announced that he wanted to speak for the committee in which he had membership. He said the committee contained all had a thirst that they would like to satisfy it with what was provided by the state, while in the service of the state. He said next was a nice silver ice pitcher in the committee room and that it contained microbes as big as black bass. The other day while committee men were observing the antics of the microbes, in came a fellow with a uniform, perhaps a chauffeur, with a pair of glasses. The fellow came in from the street and thrust it with his hands into the pitcher, and the speaker did not know whether or not the chap was to take a bath. Mr. Rogers suggested the appointment of a committee to investigate. The matter was referred to the committee on roads, health and safety. The house adjourned to 11.30 Friday morning.

LEGISLATIVE NOTES.

The railroad committee gave hearing Thursday afternoon on the bill amending the charter of the Attawaukan Street Railway company which provides simply for an extension of time of completion and operation. Representative Back appeared in favor of the amendment. There was no opposition.

HUB-MARK RUBBERS

FOR MY LADY'S FEET

Sir Walter Raleigh gallantly threw down his cloak on the wet earth that the Queen might pass with her dainty slippers. For the past sixty years the manufacturers of Hub-Mark rubber footwear have served the women of the land as effectively as a courtier's cloak for a carpet is good as far as it goes, but it doesn't go far enough. Hub-Mark rubbers have done such gallant service for years that the service is common talk. They furnish the one perfect weather-proof carpet wherever you go. Hub-Mark rubbers for men, women, boys or girls are standard both in quality of material and excellence of workmanship.

The first cost of Hub-Mark rubbers is no more than that of other first quality goods and they wear much longer. Figure it out and then say "Hub-Mark" to the storeman when you buy rubbers.

These rubbers are manufactured by the Boston Rubber Shoe Company, Malden, Mass.

cards on the desks in the senate and house. Mrs. Percy C. Baglester, Mrs. Nathan Debecher and several other ladies from New London, with Senator Walton, appeared before the committee on incorporations Thursday afternoon in the interest of the proposed act incorporating the Young Woman's Christian association of New London. The petition of Frederick P. Latimer asking that it be available to the people electric light and power was given consideration by the committee on incorporations Thursday afternoon. The measure is practically to amend the act and amend an existing charter. The committee on public health and safety made unfavorable report on the bills concerning vaccination which were given public hearing Tuesday. The report was accepted and the bills rejected.

Groton Borough Charter.

Hartford, Feb. 18.—The committee on cities and boroughs held hearing Thursday afternoon on acts amending the charter of the borough of Groton. The amendments proposed are to provide that the "treasurer of the water board shall give sufficient bond," and that "the water commissioners shall not expend more than \$500 in one year without a vote of the legal voters of the borough." Attorney John G. Geary appeared in support of the amendments as did C. Tyler Landphers, H. C. Fitch and W. A. Johnson. There was no opposition.

Aid for Oral School.

Hartford, Feb. 18.—The two bills presented by Representative Crandall in aid of the Mystic oral school were given hearing by the committee on appropriations Thursday afternoon. One bill calls for an appropriation for the construction of a dormitory for the boys, the other for an appropriation for the education and care of the pupils for the two years ending Sept. 30, 1917, and also for an increase in allowance for the oral school. FRENCH PREMIER SPEAKS RESTORATION OF BELGIUM.

Deputies Applauded When He Talked of Retaking Alsace and Lorraine.

Paris, Feb. 18, 4.55 p. m.—Premier Rene Viviani took occasion to declare afresh to the chamber of deputies today that it was the determination of the French government to retake the war until victory for the allies had been fully attained.

"The government is determined," the premier said, "to retake the territory of Belgium and to retake Alsace and Lorraine."

The deputies wildly applauded M. Viviani's statement. Premier Viviani alluded eloquently to the tenderness felt by France for the heroic fidelity of the populations of the provinces occupied by the Germans in Northern France, which he said, "were suffering under the brutalities of Prussian militarism."

The occasion of Premier Viviani's declaration was the question raised by Charles Chaumet, in the name of the republicans of the left as to the propriety of two socialist cabinet ministers, Jules Guesde and Marcel Sembler, in taking part in the international socialist conference recently held in London; the deputy affirming that the members of the cabinet consisted of a political sense with persons from other countries without raising doubt as to the unity of the French ministry.

DEERFOOT FARM HAS NOT BEEN QUARANTINED.

Despatches Sent Out from Southern Were Erroneous.

Southboro, Mass., Feb. 18.—The Deerfoot farm has not been quarantined, as was erroneously stated in a news despatch from this town published yesterday. In a telephone conversation today, Dr. L. H. Howard, commissioner of animal industry at Boston, made plain how the mistake arose. In a shipment of hogs received from East Buffalo, N. Y., eight animals were found to be infected with the foot and mouth disease and the slaughter house near the railroad station, where the inspection was made, was immediately quarantined. The hogs were not removed to the Deerfoot farm, which is situated nearly two miles from the slaughter house, and was in no way exposed to the infection.
